Once again, September is a very busy month for those of us in the office.

There will be *only one lunch* in September, on Wednesday the 13th. We will be dining on fried chicken with all the trimmings.

Birthdays for the month will be noted at this time.

Hope you will be able to join for a \$4.00 lunch.

See you soon.

Loup Basin Public Health Department will be having a **flu shot clinic** on Thursday, September 28th from 1-3 at the Parkview Community Room. If you have any questions you can call 346-5765 for assistance.

Why do you need to get a flu shot???

Flu vaccines cause antibodies to develop in the body about two weeks after vaccination. These antibodies provide protection against infection with the viruses that are in the vaccine. The seasonal flu vaccine protects against the influenza viruses that research indicates will be most common during the upcoming season.

Did you take time to see the

on August 21st?
It was quite a spectacle to
watch.
